

The new brochure, our illustrated newsletter and the web page have been well received by our members and the general public. I predict they will only improve over the next few years. Our Whitewater Weekend continues to draw hundreds of participants, although our attempts to establish a viable fall meeting in the western part of the state have not come to fruition.

I have enjoyed working with Beth Kelly very on the Lady Sliper as co editor and would like to thank all who have given their time to collect articles and material for each issue. It is a difficult and time-

consuming job but we all do well now.

In closing, I would like to thank all of our board members for their support and friendship. May God bless each of you in this coming year!

The web master,

but never let that light switch be on the wall.

The art page editor,

but please avoid all things on the wall.

The book editor,

and get it when on the wall again...

For every job that comes,

something beautiful comes.
