

Saturday, April 20th

Field Trips—8:30 am, 9:00 am, 1:30 pm, 2:00 pm

8:00 pm - Kentucky Native Plant Society's General Meeting—everyone is welcome!

8:00 pm - Dr. Bill Martin - "The Forests of Kentucky: a review of their past, present, and future?"

Sunday, April 21st

Field Trips—8:00 am

As usual our field trips will travel all over Natural Bridge State Park and the Red River Gorge Geological Area, including hikes along the Rock Garden Trail, Whiteoak Arch Trail, Shellstone Trace, and many others. Our trips are led by some of Kentucky's most prominent biologists, both professional and amateur, and range from general wilderness hikes to specialized hikes focusing on woody plants, geology, botany, and insect/plants.

For more information on the weekend's events or lodging at the park please contact Natural Bridge Park Naturalist Brian Gendron at brian.gendron@ky.gov
