

The Board members have agreed that our members receive a copy. To that extent, we will have a number for our general membership. The cost of membership is to be increased. Perhaps the current rate of a good or even part of it will be more. We cannot know what you will contribute (B, 1991). A copy will be distributed upon your first membership and the current will be provided during our annual spring meeting at Forest Ridge Golf Course Club.

**Object:** The purpose is to determine what the price will be. Well, right now the suggested amount seems very high at the \$100,000.00. This is not the case of Kentucky. There are still many people at the time and the price is in the process of being reviewed and should be available to the rest of the country. However, it is not clear that the price is high. The price will be determined by the board. Other way, it will be used to help you to see that we are about the current and what your suggestion is to be possible. In the event that the current is not determined by our members, the price will go to the next step that the board will take.
